

RHYTHM GANDHI

Chandigarh (UT), India | +91-7696361624 | rhythmgandhi2005@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Computer Science (AI & ML) undergraduate with an **8.46 CGPA** and hands-on experience in **Python, SQL**, full-stack development, and AI/ML systems. Experienced in building data-driven applications, **REST APIs**, database-backed systems, and automated workflows through software engineering internship and project experience. Strong analytical problem-solving foundation with experience delivering end-to-end technical solutions and coordinating across teams.

EDUCATION

Vellore Institute of Technology — Bhopal, India
Bachelor of Technology in Computer Science and Engineering (AI & ML); CGPA: 8.46 Expected 2027

TECHNICAL SKILLS

Languages: Python, Java, C#, TypeScript, JavaScript, SQL
Backend & Databases: FastAPI, Flask, ASP.NET Core MVC, REST APIs, WebSockets, MySQL, SQL Server
Frontend: React.js, HTML, CSS, Bootstrap
AI & ML: PyTorch, Hugging Face Transformers, Gemini, Mistral-7B, RoBERTa, RAG, NLP
Agentic Systems: Google ADK, OpenClaw, UCP, A2A Protocol, JSON-RPC 2.0
Security & Tools: OAuth 2.0, ASP.NET Core Identity, HTTP Message Signatures, Git, GitHub Actions, Pytest, CEH v12 Principles

PROJECTS

LawBridge – Multi-Agent Legal AI System | *React, Next.js, FastAPI, OpenClaw, RAG, OCR, NLP, WebSockets*

- Built a multi-agent legal reasoning system coordinating 5 specialized AI agents through **OpenClaw**-based semantic routing.
- Engineered a 3-stage **OCR, NLP**, and **RAG** pipeline for document extraction and vector-based statute retrieval.
- Developed role-based **React** dashboards integrating reusable document-analysis components with **REST** and **WebSocket** APIs.

Universal Agentic Commerce Platform | *Python, FastAPI, Google ADK, Gemini, UCP, A2A, React, SQLAlchemy*

- Extended the **UCP** reference architecture with 8 **Gemini**-powered workflows covering product search, cart management, checkout, payment, and order completion.
- Integrated **UCP** and **A2A** protocols through **JSON-RPC 2.0**, typed data models, capability negotiation, and validated transaction lifecycle transitions.
- Secured payment workflows using 2 signature algorithms – **ES256** and **Ed25519**, content digests, idempotent webhooks, and retry handling.

Samantha AI – Emotion-Aware Conversational Assistant | *Python, Flask, React, PyTorch, Mistral-7B, RoBERTa, REST APIs*

- Built a full-stack generative AI assistant combining a **Mistral-7B** LLM with **RoBERTa**-based emotion classification through **Flask** REST APIs and React.
- Optimized the 7B-parameter model using **4-bit NF4 quantization** and mixed-precision inference for deployment within a 6 GB VRAM environment.
- Engineered a dual-engine speech pipeline and integrated Gmail and Calendar using **OAuth 2.0**, intent routing, contextual memory, and response caching.

INTERNSHIP EXPERIENCE

Advanced Software Engineering & Development Internship — *MPOnline Limited* May 2026 – Jul 2026
C#, ASP.NET Core MVC, Entity Framework Core, Microsoft SQL Server, ASP.NET Core Identity, Bootstrap

- Built a full-stack Library Management System using **ASP.NET Core MVC** with **Entity Framework Core** (Code First) against a **Microsoft SQL Server** database, covering book CRUD, search, and pagination via LINQ.
- Implemented borrow-and-return workflows with book availability tracking and duplicate-return handling, alongside role-based authorization using **ASP.NET Core Identity**.
- Delivered the project end-to-end across requirement analysis, database design, backend controllers, Razor views, form validation, and testing, spanning roughly 8–10 functional modules.

LEADERSHIP & VOLUNTEERING EXPERIENCE

Head of Department (HOD) — *PAHAL NGO Initiative* Oct 2023 – Oct 2025
Directed a student-led social initiative supporting education for children of construction workers; led outreach events and cross-functional coordination with university leadership and volunteers.

Volunteer — *National Service Scheme (NSS)* Aug 2024
Drove a community tree-plantation initiative, aligning peer volunteers and local stakeholders around a shared environmental goal.

CERTIFICATIONS & ACHIEVEMENTS

ServiceNow Administration Fundamentals On Demand — ServiceNow Jun 2026
Certified Ethical Hacker (CEH v12) — EC-Council Mar 2025
Google Olympics — Google Developer Group, VIT Feb 2025
Certificate in Software & Data Processing (NIELIT 'O' Level in Core Python) — NICT Tech Jul 2024
